She provided explanation of a managed intake system which helps them manage the space available for strays and surrenders. She spoke about Best Friends, a national organization with extensive experience, that has selected Saginaw County as a recipient of one of the programs which will provide staffing. Through this program, two people have been assigned to SCACCRC for at least 6 months at no cost to the county. Saginaw will also benefit from Best Friends marketing department who will assist in explaining this new program.
